

Zone Monitor Unit  
Model:AAS-SMT-ZMU

## Features:

- New elegant design, wall mount type.
- Strong adaptability for environment
- SMT design, High stability
- 9-28 Voltage wide operating range
- Low standby current
- LED blinking at normal condition.
- Red LED indication at fire /Alarm condition
- Resettable operation .
- Low maintainance.
- Having output for hooter connectivity.
- DPswitch Programming.
- 3 core cable required for control unit, and 2 core for devices.
- 5 core cable required incase of fire PA Talkback panel.

## Specification

Input Supply	24VDC
Standby Current	150 $\mu$ A
Alarm current	80mA
Humidity	5~95% relative humidity
Wiring	2/3/5 core.
Polarity	Polarity sensitive
Visual indication	Single LED

## Mechanical Specification

Housing:	MS body
Colour:	Red
Dimension	130mm X 130mm X 50mm
